## Q\&A

## Forward Looking Statements

This presentation contains forward-looking statements that are based on current beliefs or expectations, as well as assumptions about future events. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as anticipate, target, expect, estimate, intend, plan, goal, believe, will, may, should, would, could or other words of similar meaning. Undue reliance should not be placed on any such statements because, by their very nature, they are subject to known and unknown risks and uncertainties and can be affected by other factors that could cause actual results, and JSC Bank of Georgia and/or the Bank of Georgia Holdings' plans and objectives, to differ materially from those expressed or implied in the forward-looking statements.

There are various factors which could cause actual results to differ materially from those expressed or implied in forward-looking statements. Among the factors that could cause actual results to differ materially from those described in the forward-looking statements are changes in the global, political, economic, legal, business and social environment. The forward-looking statements in this presentation speak only as of the date of this presentation. JSC Bank of Georgia and Bank of Georgia Holdings undertake no obligation to revise or update any forward-looking statement contained within this presentation, regardless of whether those statements are affected as a result of new information, future events or otherwise.
